Preparing learners to thrive in a diverse global society

MISSION

Each student will acquire the knowledge and skills necessary to achieve their personal growth, thrive in a diverse global society, and lead a healthy, self-fulfilling life.

EQUITY STATEMENT

To meet this mission, the Verona Area School District will ensure that every individual has access to the educational, social, and emotional support they need to feel valued and affirmed in their unique identities and experiences. We acknowledge that inequities and power dynamics exist in our system such that some individuals, on the basis of their identities, face barriers to accessing the opportunities they need to experience success. In acknowledgment of such, the Verona Area School District is committed to disrupting these systems of inequity.
